Jordan Wagner

Did you know that the human body and the earth's surface area are made up of roughly 70% water? Water is an essential gift God knew we would need to survive. According to AllAboutWater.org the average American uses between 80-100 gallons of water each day. That's is a lot of water. But the amazing thing is Earth is a closed system which means it rarely loses or gains extra matter. The site went on to say the water that was around millions of years ago is still present today. We realize this means the water God created about 6,000 years ago is still present today.

We need water to hydrate our bodies, to clean, and to grow vegetation. Without water we could not survive. But H<sub>2</sub>O is not the only form of water essential to our lives. In John 4:12 Jesus told the Samaritan woman by the well that He was the source of living water. In John 7:38 Jesus told the crowd that whoever believes in Him will have streams of living water flow from him. There is no limit to this source. King David wrote in Psalms 23:5 that his cup overflows. Jesus wants our cups to overflow with His living water too. If you would like to partner with us in prayer, please [email us](#) to let us know you are praying with us.

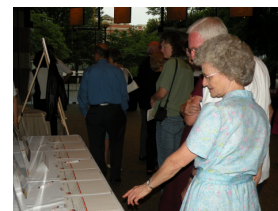

**2nd Annual Premiere Night**

Keynote Speaker  
Dr. Greg Rumsey.

Monday, July 7 guests arrived at the Tennessee Aquarium's River Journey for our 2nd Annual Premiere Night. As the event began, guests were treated to a selection of songs performed by Message of Mercy. Then we shared a segment of the second Quarter *Mission: SONlight* DVD from Mexico. Dr. Greg Rumsey, the Dean of the School of Journalism and

Communications at Southern Adventist University was the keynote speaker. He spoke of the value of communications in ministry. Finally we presented the premiere; a nondenominational *Mission: SONlight*, to evangelize outside the Adventist church. At the conclusion of the program, all were invited to enjoy some refreshments, tour the aquarium, and browse through 30 items donated for our first silent auction. We excitedly await next year, watching where God leads Network 7 and what He has for us to premiere.

Guests Place Bids on Silent Auction.
