M3Adventures.org

We are almost settled into our new offices, and yet already almost outgrowing them. March has seen us blessed with new equipment that will enable us to do more multi-camera shoots and better production for you. We have two new Sony cameras and tripods, a new TricasterPro switcher for live production and a new 12' camera crane which allows us to get some great moving shots during live and field shoots. It is powerful to watch God use passionate people to bless this ministry and in turn bless the local congregation with video/audio training and promotional and documentary pieces for our larger institutions. We appreciate your continued prayers and interest in this work.

Growth Requires New Employee

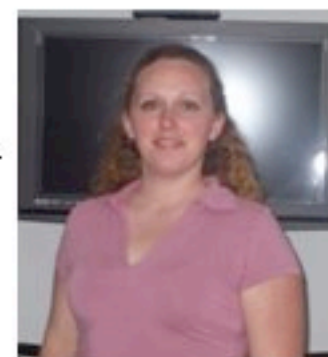

God answers prayers as He provides exciting projects for us to create to help spread His good news. We are thrilled to share with you how God is leading and growing this ministry in His own fast pace. He has blessed us with so many opportunities we can no longer operate without a full-time Video Editor/Videographer. We are prayerfully searching for the person God has in mind to fill this position.

Kingdom Kids Promotional Video

Fall of 2006 we created a promotional video for Kingdom Kids, a ministry geared towards children ages newborn to 12 and their parents of the Collegedale Community SDA Church and community around them. Kingdom Kids is designed for families - a time to grow, laugh, learn, love and serve together. It provides families with resources to take spirituality to the next level in their homes. The video is a tool for children to share with their friends and to send out to the community. "I am excited about the name recognition and credibility the video created for this 3 year old ministry", says Kevin Becker, Director and founder of Kingdom Kids.

Meet a Member of Our Team

As office manager Jennifer's enthusiasm energizes the whole team. She has a wonderful husband and 3-year-old daughter whom she spends as much time with as possible. They are a very active family at home and at church. Jennifer loves being in a position to serve the Lord every day and in anyway possible. She enjoys working with a staff that love and serve the Lord as well. Her prayer for Network 7 is to be able to touch millions of people and help whoever and wherever we can.

Jennifer Brant
Office Manager

Our mission is to communicate light and love.
